DATE OF IN

THIS IS UNEVALUATED INFORMATION

25X1

1. Mimon Military Airfield Encl. A, Pt. 17 was located four to five kilometers northeast of Doksy N 50-34, E 14-407, a small village and summer resort used by pilots as a landmark and navigational aid in locating the airfield.

25X1

2. Two lakes served as landmarks in locating the airfield. One lake was located 100 m. west of the field Encl. A, Pt. 27 and the other, 300 to 500 m. south of the field.
3. A concrete road, Encl. A, Pt. 37 six meters wide, connecting Mimon and Kurivody N 50-35, E 14-497, lay to the east of the Airfield.

4. Near the field a small village which was inhabited solely by military personnel. the Airfield traffic control radio was operated from one of the village buildings.

25X1

 this airfield had underground hangars.

25X1

 saw a DC-3 aircraft on the field and this plane was used for dropping paratroopers during training. This craft came from Prague-Kbely Airfield and remained for one or two weeks, then returned to the home field until needed for another paratrooper training course.
